

Yoemen First District Game Friday

"Milam County Institute", First Cameron School, To Be Demolished

A proud, tired old building, long devoid of student laughter and with just the merest hint of yesterdays school day dreams exuding from the closed portal and broken windows, will be taken down and put to new uses sometime in the near future.

The building is the "old school" located on west 2nd street.

Its cornerstone, which is to be preserved by school officials and opened with appropriate ceremonies, has the date 1891 engraved on its north side. Under the date is the reminder: Destroyed by fire, April 28, 1891; Rebuilt July 25, 1891.

Many present day Cameronites remember their early years, with all the drama of youth unfolding within the walls of "Milam Liberal Institute" as the building was originally named by its founders; since in that era there was no such thing as a public school and each town devised it's own particular school system.

Many men, well loved by their community, served as superintendents in the school. There was the never to be forgotten A. N. W. (Alphabet) Smith, rotund and beloved J. E. Watts, and others whose names have faded with the years.

In that day and age students profited from their studies in many ways, such as the two boys who took advantage of their newly learned proficiency in geometry and, with exact dimensions and location, bored holes in the 15 foot high ceiling through the attic floor, strung rope through the holes and made a sling with which they pulled up another student who painted "Seniors" on the ceiling, much to the chagrin of school authorities and teachers.

Then there was C. F. Spiller, as much a part of schooldays as the text-book. He served as janitor for many years, firing the many wood stoves in the classrooms and auditorium, sweeping, picking up, and watching carefully from all sides to make certain that no child was late when he rang the tardy bell.

Yes, this is the last building on yesterday's crowded school campus. The others have long since been taken down. The first Cameron school was one four room building constructed from the shell of the First Methodist Church which was moved from the location of the present Fire Station. This proved inadequate so the "brown building" a shotgun affair containing two rooms was added. This still proved insufficient so another one room building was constructed.

From that time on buildings grew periodically on the campus, two other one room buildings were added, then a brick building, larger than the "old school" was built and lastly the only remaining building was built and used constantly until 1922 when Yoe High School was opened.

Engraved upon the sandstone cornerstone are the names of the Mayor, B. I. Arnold and the councilmen, H. F. Smith, J. S. Hefley, E. L. Antony, J. B. McLane and T. S. Henderson, city secretary N. J. Moore, city Attorney, R. I. McCalla, marshal, G. S. Mangum and collector, C. H. Ruby.

On the granite stone, added af-

ter the fire, are the names of the mayor, with B. I. Arnold still in office, councilmen Wyatt Lipscomb, T. S. Henderson, John B. McLane, D. Kemp, E. L. Antony and George H. McGehee.

Many favorite teachers, including Mrs. Lina Kemp and Miss Ada Henderson imparted knowledge to the students in those buildings.

It has been remembered since the proposed demolition of the building that many baby pictures of prominent Cameronites are contained in the sandstone cornerstone and these along with other contents will be taken out and examined when the stone is opened at the ceremonies, where Dr. C. G. Swift, present School Board President will preside.

\$19,880 In Permits For Building Are Issued In September

Building permits soared during the month of September, with \$19,880. in repairs and new buildings registered.

Four of the permits covered repairs, one was for enlarging, two for carpports or garages, and four were for new buildings.

During the same period last year only four permits were issued, amounting to \$2,630.

11 Amendments In General Election Outlined and Commented Upon

Eleven proposed amendments to the Texas Constitution will be voted on in the general election on November 2. Most of these amendments directly concern all citizens, in that they provide assistance, increase compensations of the members of the legislature and would allow women to serve on juries.

The Business and Professional Womens organizations all over the State of Texas have been urging that a bill be passed whereby women would serve under the same rules for jury service as apply to men.

All of the bills, listed in the order in which they will appear on the ballot, are listed below with popular public comments comments compiled by Vern Sanford of the Texas Press Association.

SJR NUMBER 7
Senate Joint Resolution No. 7 authorizes the Legislature to increase State spending for Old Age Assistance, Aid to the Blind, and Aid to Dependent Children, by \$7,000,000 a year.

Comments from some members of the Legislature and other people familiar with the program indicate that if the Legislature appropriates the additional money, new taxes will be required.

Some say that most of the money would be used to add more people to the rolls, rather than providing more money to these now on the rolls.

This amendment also would require the Legislature to enact laws making names of those who receive such aid available to the public. These are fighting words to some people who claim such action would embarrass those now on the rolls and their relatives.

Proponents of this provisions ar-

Petition On Highway 36 Is Circulated

Petitions are being circulated in this area in an effort to get the Texas Highway Department to continue maintenance of the section of old State Highway 36 extending from its intersection with the new cut-off to Crockett street, west of Cameron, and West 8th Street, which the State Highway Department is planning to deed back to the City of Cameron and Milam County.

Chamber of Commerce officials, and County Judge Charles C. Smith Jr. who are instigating the proceedings with the businessmen in that immediate vicinity in mind, stated in a recent meeting that they would like to see the road designated a Farm to Market road or an extension of Farm to Market Road Number 1600 and thereby insure state maintenance.

It was brought out in their meeting that they plan to make a survey of the number of businesses and employees that would be affected by a subsequent decline in the condition of the road.

C of C men pointed out that the City does not have the necessary equipment to maintain the hard-top type surfaced streets involved.

City Council Contacts Other Cities On Meter Operation

Roy Baskin, City Attorney, indicated today that cases will be filed on those holding unpaid parking tickets in the near future.

All those holding tickets issued by City Policemen prior to September 11 are susceptible to fines, having been fore-warned by a public notice issued by Baskin.

The meters were originally installed in 1950 to eliminate the parking problem in downtown Cameron. It has been reported that all of the business section was congested with parked automobiles, particularly around the courthouse square. Aldermen brought the matter up at their meeting on June 6, 1950 with Mayor A. N. Green presiding and decided that the only solution would be the installation of parking meters.

Absentee Voting To Continue Till October 29

County Clerk Homer Nabours reported today that absentee ballots, for the November 2 general election, have arrived after a short delay and will be sent to those placing requests in the correct way.

He reminded that the absent voting will continue until three days prior to the ballot box voting, with October 29 designated as the final day to file an absentee return.

Three distinct regulations govern absentee voting, Mr. Nabours pointed out. Those eligible include: (1) Anyone absent from the county (residing or living in another county) may cast their vote locally by writing a request for a ballot and enclosing their poll tax or affidavit. After receiving and completing the form they must be signed by a notary public before returning to the County Clerk's office; (2) Anyone absent can go to the County Clerk's office and present their poll tax receipt, fill in their ballot and deposit it in the absentee box and the stub in the stub box, and (3) Anyone in the county that is ill and unable to attend the election will be forwarded a ballot upon written request accompanied by a Doctor's certificate and voting must be before a notary public.

Allegedly Gilbert sold the cotton to Triggs, grown on Baskins 206 acres, for \$3,494 and the seed to a third party for \$555.92 and paid Baskin nothing.

Attorney for the plaintiff was Don Zamble of Camp and Camp Law offices.

October 20 Starts American Legion Days

October 20 through November 11 has been designated by President Eisenhower, Governor Allan Shivers and many Texas mayors as "American Legion Days" and the local Edwin Hardy Number 9 Post of the American Legion is planning to dedicate that period to acquainting Texas citizens with the program of the organization according to Post Commander Robert Glenn.

According to Commander Glenn October 20 is the beginning of the new fiscal year of the American Legion and since World War I, November 11 has been known as "armistice Day".

"American Legion Days" will be concluded locally with a full scale observance of November 11 which has now become known as "Veterans Day", page 10

The width of streets in the downtown business section were cut back, with curbs added to insure (See "Baskin", page 10)

Funeral Services For Julia Smith Held October 14

Miss Julia Smith, sister of the late Mrs. Jake Ralston, died Wednesday in the St. Edwards Hospital.

Funeral services were held from the Marek-Burns Funeral Chapel Thursday, October 14, at 10 a. m. with Reverend Aubrey Russell of the First Baptist Church officiating.

She is survived by a host of nephews and nieces.

Five Men Are Inducted In Dallas on 14th

Five men left Cameron for the induction station in Dallas Thursday, October 14 and three others have been transferred to other boards and forwarded by the boards of transfer to the induction station.

Those leaving for Dallas were James W. Burnett, William C. Petty, Shelby G. Smith, Walter O. Kelm and Lem Homer.

Transfers were Luther L. Pittman, James D. Crayton and Willie Moore.

Walter O. Kelm of Burlington was the leader of the group scheduled to arrive in Dallas at 1:32 p. m.

H. F. Harris of Cameron visited in the home of his daughter, Mrs. Rila Maddox and in the home of his son, Edgar Harris last week. Both reside in Waco.

Miss Mary Jane Matula is reported to be recovering from surgery at St. Edward Hospital. Miss Matula is employed with Dr. Kruse.

Baskin Wins Verdict, Case Is Appealed

Judge O. D. Graham turned in a judgement for the plaintiff Julian P. Baskin in his suit against Claude Triggs held earlier this week in the district court.

The judgement entered October 14 specified that Baskin recover from the defendant Triggs \$1,031.39 with six per cent interest per annum and costs of suit.

Triggs Counsel, Jack Prescott, gave a notice of appeal and the case will be taken to the Court of Civil Appeals in Austin.

In the charges filed the plaintiff asserted that Triggs knowingly purchased cotton from Baskins tenant farmer, C. F. Gilbert, paying the full amount to Gilbert without respecting his one-fourth ownership lien.

Allegedly Gilbert sold the cotton to Triggs, grown on Baskins 206 acres, for \$3,494 and the seed to a third party for \$555.92 and paid Baskin nothing.

Attorney for the plaintiff was Don Zamble of Camp and Camp Law offices.

Yoes Pack Ammunition For Big Duck Hunt; With Rifle Off The "T"

"The temperatures are running high" on the Yoe High School football field as the Cameron Yoemen prepare for their first district battle Friday night at Taylor against the Ducks.

Coach Leo Jackson said, "the team is looking great; the boys are out this week working hard with lots of pep and spirit", and he stated, "in past years the Yoemen have never had to be told twice, 'to sic-em' when they went after the Ducks, they just naturally got ready for the big hunt".

This week the Yoemen, who have won only one game thus far, will be playing a team that has won only one game too. But Coach J. R. Young in giving a preview of the Williamson County lads said, "In my estimation they've got a

good ballclub, and showed it against Hearne even though they lost. Taylor just got the bad breaks".

Hearne won the ball game with two touchdowns to Taylor's none.

The Yoe High team has been undergoing hard drills for the past week ironing out the rough spots. Young and Jackson have been working out the team in an attempt to top the Taylor club when the two elevens meet Friday night. Jimmy Rettig, who suffered a broken hand in the game against LaVega, is reported to be improving. His leg injury is still bothering him some, but Coach Jackson felt that Rettig will be good and ready for the game. The Yoemen have also lost the services of Woodrow Lynch, a sophomore, who played Fullback.

The green and white Ducks are paced by Tommy Buzan, 180 pound senior tackle, who has three letters with the Ducks; James Ludwig, 155 pound fullback and captain of the team; Clifford Mucha, 150 pound junior halfback and Bobby Plowman, 145 senior quarterback.

Bill Ford, head coach of the Ducks described his team as being very light with no experienced running backs from last year's team. This is Ford's building year as the Ducks are also installing a new system. They have turned in some fine records this year although losing all but one game that they have played.

Taylor has indicated that they plan to 'get even with the Yoemen' this year. The Ducks were defeated last year by the Yoemen, 53-6.

Captains chosen for the first district tilt are Rettig and Absnader.

The starting lineup for the Yoes finds Jimmy Rettig at left halfback; Buddy Thompson at right halfback; Leon Beale at fullback and either Joe Michalka, offense quarterback or Clifford Angell, defense back, at the man under slot.

Albert Mondrik has the left end position while either Monroe Bayer, defensive starter or Clyde Wallace, offensive starter at left tackle; Laddie Dohnalik, defensive and Henry Brown, offensive player share the left guard post.

Tom Collins will start for the Yoes at the Center post, offensively while Steve Polzer will relieve him defensively.

George Absnader at right tackle and Paul Hoelscher at right guard will be assisted by either Benny Massengale or Fred Petmucky at right end. Massengale will have the defensive post while Petmucky is in on offense.

Joe Lee Heitman is filling in at the offensive and defensive halfback or fullback. Heitman will have to double up since Lynch has moved to Houston. John Duncan, defensive line backer, is also an offensive quarterback.

Others on the team are Fred Fleischer, defensive guard or offensive tackle while John Solomon is an offensive center and has also been working out as a defensive guard this week.

John Johnson is a defensive tackle; Burk Barr offensive and defense (See "Yoes", page 10)

J. L. Slaughters To Observe Golden Anniversary Saturday

Mr. and Mrs. J. L. Slaughter of 1702 North Travis Street, will celebrate their Golden Wedding anniversary Saturday, October 23, quietly at home.

The couple, still happily wed and young despite their years, planned an altogether different kind of day, with friends and family in for a really festive celebration. But all plans had to be cancelled when Mr. Slaughter became ill recently.

Exactly 50 years ago Birdie Boykin was busy with last minute preparations in her parents home, at Ben Arnold for her wedding ceremony which was to take place in the living room of her home with only relatives and close friends present.

They set up house-keeping in Ben Arnold where they remained until 1913, the first year of World War I, when they moved to Cam-

eron. Their first residence was on South Crockett street, where the Coca-Cola plant is now located, then they moved to their present home on North Travis where they have lived for the last 29 years.

At the time they built their home it was situated on a dead end street and was considered "out in the country", now it's a busy thoroughfare.

Many other changes have transpired since the marriage of the Slaughters. For instance the torrential rains at the time of the Galveston flood. The mud got so deep that Mr. Slaughter had to hitch a team of mules to the front wheels of his wagon when he went to Burlington for groceries. This wasn't enough so he removed every other spoke on the wagon (See "Golden Wedding", page 10)

Ideal Hatchery Awarded Honors At State Fair

Ideal Hatchery and Poultry Farm of Cameron walked away from the Pan-American Livestock and Poultry Judging contest at the State Fair of Texas in Dallas with numerous trophies and first place honors.

In the Breeding Chicken Division the Ideal white leghorns were awarded first, second, fourth and seventh places. The first pen was chosen Grand Champion Exhibit of this division and a trophy was awarded.

These four pens of leghorns were awarded the best breeder or hatchery display trophy.

Top honors were also forthcoming in the Egg Production Flock Division with Ideal eggs winning first and fifth place and also the Champion Egg Production exhibit trophy.

Yoes Lose Lynch; Rettig To Be Back In Full Force For Taylor

Cameron To Be In Top Shape For District Game

Although the Cameron Yoemen will be in top shape for the first District 22-AA game against Taylor Ducks, they will be playing without the services of one of their most promising fullbacks, Woodrow Lynch, a sophomore, who moved to Houston this week. Lynch, coming up to the A squad from last year's B team, where he was an outstanding player, filled in Leon Beal's position on the Yoemen eleven.

The only injury on the Yoemen team is the hand injury suffered by Jimmy Rettig, Yoe left halfback. Rettig sustained a broken hand in the LaVega game and despite his injury, he still played an outstanding game against Killeen. Coach Leo Jackson reported that the cast will be taken off before the Taylor encounter and that Rettig will be in top physical condition for the game.

This week the Yoemen are going under rough drills correcting the mistakes they have been making during the last five nondistrict games. The boys are under going extensive workouts featuring the working up of new offensive and defensive plays to run against the Ducks and other conference members in future weekend games.

Jackson reported that there will be no change in the starting line up which most probably will see these faces starting on October 22:

Senior Albert Mondrik, left end; Sophomore Monroe Bayer at left tackle; Junior Laddie Dohnalik at left guard; Junior Tom Collins at Center; Junior Paul Hoelscher at right guard; Senior George Absnader at right tackle and Senior Benny Massengale at right end.

The backfield will see the starting action of Senior Jimmy Rettig at left halfback, Junior Buddy Thompson at right halfback, Senior Joe Michalka at quarterback and Senior Leon Beale at fullback. The

two other backfield men are Clifford Angell at left halfback, who is the regular halfback on defensive, and one of the best on the team; and Joe Lee Heitman, right half back who alternates with Thompson. Heitman will also have to double up on fullback to relief Beale since the team has lost the services of Lynch.

The second lineup finds Junior Burk Barr at left end; Senior Clyde Wallace at left tackle; Senior Henshup hard at Massengale at right end. John Duncan is used at ry Brown, left guard; Johnny Solomon, Sophomore at center; while Junior Steve Polzer and Junior Clayton Canizales alternate at right guard. Polzer plays most of the defensive ball in that spot. Junior Freddie Fleisher is at right tackle while Senior Fred Petnecky is the quarterback slot.

The Yoemen have twenty three men on their squad, with all 23 used in the game against Killeen. Although the team got a good general workover by the big 'Roos, they emerged from the game in good shape and with high spirits and eagerness to get at the district tussels.

Coach Jackson withheld his comment on the outcome of District play as only Taylor has been scouted by the local coaches. The team has a Friday night open date and they'll be scouting the remainder of the teams which should give the locals a better idea on what to expect from the other district grid-ders.

The Yoemen, when looking at former games, will be the under dogs in the first district game, as Taylor held the Killeen team to a 20-14 count, with the 'Roos winning in the last 40 seconds of the ball game.

Taylor, however has only won one game out of 15 tries for the past year and this year. The team had a slow start, but with good prospects for future years. This year they have a 1-4 game count with James Ludwig, their leading scorer, tallying for 36 points this year.

This week the Yoemen, Georgetown Eagles and Taylor have open dates with Belton playing at McGregor and Rockdale entertaining San Sabo.

"It's better to be in the underdog spot", was Coach Jackson's final comment about the District 22-AA race, for an upset victory is a greater achievement in anybody's books, then to be great from the beginning and fall to a weaker team. The Yoemen are letting everyone else make the predictions, but they're paying no mind to it, they'll fight every minute of the ballgame, with "Victory", after a clean contest, their goal.

Helen Reid Draws Winning Fire Poster

Helen Reid of the sixth grade was awarded first place in the Ada Henderson Poster contest in connection with Fire Prevention Week with her poster depicting the responsibility of individuals in protecting themselves and others against the hazards of fire.

The cash award of \$5.00 will be presented her by local Fire Department officials later this week. Vera Ann Perrin of 6B won the second place and \$3.00, with the following students awarded \$1.00 for their posters receiving honorable mention: Lillie Skala and Barbara Coward of 8A, Darleen Moore and Mary Alice Duncum of 7B, Geraldine Miller, Alice Clark, and

Patty Hightower of 5B, Peggy Mullinax and Eileen Jacks of 7B, Jimmie Henson of 8A, Arvell Jungma, and Melvin Williams of 5C and James Manning and Jackie Allen of 8B.

Two fire drills, conducted in "an orderly manner" according to Principal Wiley Loughmiller, were held during the two week period and classroom discussions on causes and preventions were held in the individual classes.

Bowling League Enters Fourth Clash Next Week

Winter Bowling Leagues, both Men and Women Teams are already vying for the top spot on the weeks listing. Thus far all teams have clashed with opponents twice, making a total of eight games each.

Next week the Lone Star Team and the Humble Team will meet on alleys one and two and the Firemen will meet the New Cameron Drug five on alleys three and four October 19. The next night October 20, the Falstaff men will meet the Safeway team on alleys one and two with the Duke and Ayres team meeting the Dr. Pepper team on alleys three and four. Ladies teams bowling on alleys one and two on Oct. 18 will be Laake Drug and Falstaff, with Coca Cola meeting Pearl on alleys three and four.

On Oct. 21 the Oak Club will meet Greens Funeral Home on Alleys one and two with National Hall meeting Lone Star on alleys three and four.

Max McClaren Has Program For KC's On Columbus Day

Max McClaren, a student at Baylor University, was in charge of the program at the local Knights of Columbus celebration in honor of Columbus day at the KC Hall Thursday night.

He was introduced by Dr. John Boyce, lecturer of the KC's. After playing several selections on the piano Mr. McClaren directed group singing, with Billie Nell Johnson, Shirley Mullinax, Wayne Fisher and Phil McCall forming the group. Miss Johnson, soprano, sang a semi-classical solo.

Father Tim Valenta, pastor of St. Joseph Church in Bryan talked on Columbus Day and what the KC organization is doing in the south and south-west. He compared the activities with Columbus' sail to America, there wasn't any one particular thing to report but the final outcome was more than worthy of notice.

He added that all men must rely on God as Columbus did, and to be successful in their aims KC's must not consider what they can get out of the organization but what they put in it, things like love, friendship, love of God rather than just material things.

Father Duda, pastor of the local St. Monica's Church, then spoke shortly on his trip to Europe and Father Jose Castallanos played the piano during the buffet supper ser-

ved by Henry Schattle and Anton Anderle in charge assisted by several other members of the local organization.

Betty Blackwell Feted With Farewell Party

Betty Jo Blackwell, Yoe High school student, was honored with a going-away party by Marilyn Hughes and Lois Horstmann Thursday afternoon in the Albert Horstmann home.

Betty Jo is moving to Hattisville in the near future.

After farewell gifts were opened and displayed the girls had Cokes, open sandwiches and cookies buffet style from a table centered with an arrangement of queens crown.

Those attending were Diane DuBois, Vera Ann Perrin, Ann Allison, Sharon Vick, Helen Reid, Lu Ann Thompson, Jean Lester, Mary Kestenbaum, Virginia Reichert, Delores Tindall, Kay Manning, the honoree and the co-hostesses.

Shirley Mullinax Bride-Elect Feted With Shower

Miss Shirley Mullinax, bride-

elect of Bill Bartlett, was honored with a miscellaneous shower recently by Miss Edna Vybiral, Mrs. H. W. Ripkoski and Mrs. H. J. Michalka at the Battetown Baptist Church.

Shirley is the daughter of Mr. and Mrs. Albert Mullinax of Cameron and Bill is the son of Mr. and Mrs. Ed Bartlett of Rockdale. Peggy Sue Mullinax and Lucille Ripkoski assisted the honoree in opening the many lovey gifts given her by the 40 attending guests.

Refreshments of punch and

cheese ritz were served by the hostesses.

Date for the wedding has been set for October 15 in the Battetown Baptist Church at 7 p. m.

Mrs. E. B. Yager and Mrs. Bernice Richards visited in Saldo and the new Belton Dam Thursday afternoon.

Mr. and Mrs. J. A. Sullivan of San Angelo are visiting in the home of their daughter Mr. and Mrs. John Wimberly and Patricia.

From where I sit... by Joe Marsh

Smitty's Not-So-Silent Partner

Dropped into Smitty's gas station last week and met his new partner who turned out to be a parakeet.

"What'll it be?" asked Smitty. Before I had a chance to answer I heard a strange voice "Fill her up! Fill her up!" And there was Smitty's partner—one of those parakeets perched next to the gas pump.

"Took me a month," Smitty said, "but I finally taught him to say those magic words. It's sure paid off—he's had a good influence on my customers."

From where I sit, Smitty's bird may be good for business—and may get him a few laughs. But when people act like parakeets, they're not so funny. For instance, those who keep insisting over and over again that their neighbors shouldn't have a glass of temperate beer with their supper now and then. They're simply repeating their own ideas, without any regard for the rights of others.

Joe Marsh

Sermon By Rev. Harsh Brown . . .

Two personalities in the New Testament, besides that of Jesus, have always intrigued me. One of them we associate with the handling of money. The other, with the human soul. Of course I am referring to the Disciple Judas and the Apostle Paul. I find a great deal of similarity between these two men. They both had a tremendous guilt feeling. They both had a right to maintain the idea that they were the chief of sinners. Judas betrayed his Lord; Paul persecuted him. Judas recognized the evil of his act and took his own life in despair. Paul also recognized the evil of his ways and took appropriate action to counter-act it.

Now from this comparison we can learn two things. Judas was a fool! Paul was a fool for Christ's sake. In the difference between man's salvation.

First let us look at Judas and

attempt to discover some of his foolishness. There is a poem, the last line of which is all I can remember. The theme of it was built around the idea of sin. The main character was man who thought he was the chief of sinners. Then the last line went something like this. "vanity my little man, you're nothing of the sort".

This, I believe, was the first foolish act on the part of Judas. He elevated his evil action to such a degree that he considered himself unfit to live. This is self-centeredness carried to the extreme. An aspiring young writer once approached Thomas Mann with voluminous apologies for interrupting this gospel of forgiving love to time. He was a sort of Mr. Mc Cawber personified. When the conversation ended Mr. Mann turned to a friend and remarked, "he isn't big enough to think that ill of himself."

So it is that sin is so clever in its ways. We are small people and we commit small acts. But in order to gain attention or a sort of notoriety, we play up our sinful habits. We actually take pride in our wickedness.

Another foolish move on the part of Judas was that he thought too little of Jesus. There is quite a contrast. He thought too much of himself and his foolish act and too little of Jesus and his ability to forgive.

At Easter we celebrate a terrible deed and a wonderful act all in the same few days. The crucifixion of Christ was a terrible act. But his words of forgiveness from the cross is what the Christian church is based upon. Judas failed to see this forgiving love in the heart of Christ. And today we are indebted to another man, the Apos-

tle Paul, who called himself "a fool for Christ's sake", for bringing him and taking his precious us.

It is not difficult to see what kind of person the church needs today. May we all be foolish enough, for Christ's sake, to believe the Christian way of life is the only way of life, and live accordingly.

Colorful Sadler Career Ends October 14

State Senator Harley Sadler, 62, of Abilene died Thursday, following a heart attack, in a Stamford hospital.

Funeral services were slated for 10 a. m. Friday, October 15, in the First Baptist Church in Abilene after which his body will be brought to Cameron, where he was married and where his only child, Mrs. Gloria Sadler Allen is buried. She died in 1943.

A native of Arkansas, Sadler moved to Jones County in West Texas in 1905 where his father was a farmer and grocer.

Sadler was in show business for a number of years, running away from home and traveling with a carnival when he was 16 and returning to show business where he became famous as "Toby" a country burlesque complete with a wig and heavy makeup.

In 1942 he entered politics and served three terms as state representative from the 117th District, composed of Mitchell, Fisher and Nolan Counties.

In 1948 he moved to Abilene and served one term as state representative from Taylor County before running unopposed for state Senate seat in 1952. He was renominated

without opposition in 1952.

He is survived by his wife, the former Billie Louise Massengale; one brother, F. W. Sadler of Dexter, N. M. and one sister, Mrs. W. A. Holt of Haskell.

PIA Marketing Committee To Boost Sale

It was decided that extensive advertising to encourage consumption of turkeys will be done by the Marketing Committee for Poultry Improvement Association in the Baker Hotel Thursday afternoon.

Leo Fuchs of Ideal Hatchery in Cameron, president of the Poultry Improvement Association, stated that the committee will advertise year round turkey consumption the housewife, since she can get more economy in turkey than in red meats.

The committee also decided to promote broiler and egg industry and the marketing committee is studying ways and means to solicit funds to promote an advertising campaign.

Betty Jo is New Member Of Joe O'Neill Family

The stork soared low over the St. Edwards Hospital Friday evening, October 8, and Mr. and Mrs. Joe D. O'Neill became the parents of a new baby girl, named Betty Jo. She weighed eight pounds and one ounce at birth.

Her 12 year old brother is named Denny O'Neill and her seven year old sister is Peggy O'Neill.

Maternal grandparents are Mr. and Mrs. F. H. Wied of Burlington and Mr. and Mrs. Leo J. O'Neill are the paternal grandparents.

Esso Extra gasoline is first in the qualities that give your car Extra Performance

Humble Esso Extra gasoline will give your car better performance than any other gasoline you can use.

The only real test of gasoline quality is performance in your car

Esso Extra is No. 1 for extra quick starting. This saves gasoline. Thus, you get better mileage and more economical performance.

Esso Extra is No. 1 for extra anti-knock. You get smoother, quieter operation; your car requires mechanical work less often; and you enjoy driving it more.

Esso Extra is No. 1 for extra power. You get better, more flexible

operation in traffic, an instant response of power when you need it on the highway. Extra power sometimes means extra safety.

Plus a BONUS Additive. Both Esso Extra and Humble Motor Fuel (at regular price) contain a patented petroleum solvent. This patented additive keeps valves and combustion chambers extra clean, and it is effective in the prevention of ring-zone deposits.

See for yourself. Enjoy the extra performance that only Esso Extra will give your car. Fill up at any Humble sign.

AMENDMENTS — created by transferring to it the surplus from the Confederate Pension Fund.

The present 2 cents ad valorem tax provided by the Constitution, for Confederate pensions, returns far more than is necessary to take care of the one Confederate veteran and more than four hundred widows of veterans now receiving such pensions from the State. Therefore the fund is accumulating a surplus of well over \$6000,000 each year.

It is anticipated that if the amendment is adopted, nearly \$6,000,000 will be available for transfer to the new State Building Fund in January of 1955.

This amendment has the support of the State Bar of Texas.

The first building, if the proposed Supreme Court Building and it must be dedicated as a memorial to Texans who served in the armed forces of the Confederate States.

SJR NUMBER 5

Senate Joint Resolution No. 5, sal is adopted, must be a State would increase compensation of members of the Legislature of \$25 per day for the first 120 days of any session.

Texas Constitution now provides \$10 per day for the first 120 days and \$5 per day thereafter.

There is strong support and little or no opposition to this increase in pay, which most people think would about cover legislators living expenses while in Austin.

Included in the same amendment is authority for the Legislature to set salaries of the Governor, Attorney General, State Treasurer, Comptroller of Public Accounts, Secretary of State, and Commissioner of the General Land Office.

The Governor's salary is now set by the Constitution at \$12,000, the Attorney General's at \$10,000, and the other four officials involved are paid \$6,000 a year.

Under this amendment the Legislature could not reduce salaries below these amounts, but could set them at higher rates.

Opinion does not appear to be so nearly unanimous about this part of the proposed amendment. Some people are troubled by the apparent power of the Legislature to change the salaries at will, and they point out that the Federal Constitution in many other state constitutions prohibit a change in salary during the term to which an official has been elected.

SJR NUMBER 14

Senate Joint Resolution No. 14, prohibits use of the credit of the State or any grant of public money for construction, maintenance or operation of toll roads and turnpikes.

Purpose of this amendment is to write into the Constitution a prohibition now contained in the law, but which could be changed by future legislation.

It has the support of the Texas Good Roads Association and many other people particularly interested in the State Highway System, and no known opposition.

HJR NUMBER 16

House Joint Resolution No. 16, would require women to serve on juries.

There are only five states including Texas which do not permit jury service by women.

This amendment would require women to serve under the same rules for jury service as apply to men. It has the active support of many women's organizations.

SJR NUMBER 4

Senate Joint Resolution No. 4

has to do with the terms of elected district county and precinct offices. It would change all of those which have two-year terms into four-year terms.

It has the support of the County Judges and Commissioners Associations of the state, and the organizations of many other county officials.

The terms of a great number of district, county and precinct offices would be charged immediately if this amendment were adopted. Other such offices are designated to change to four-year terms in 1956 so that, while all of them would be four-year terms after 1956, only about half of them would appear on the ballot every two years.

Wording of this proposal has resulted in confusion as to its effect on the terms of representatives in the Legislature. Many lawyers are of the opinion that the proposal would require four-year terms for members of the House and other lawyers have said that at least it presents a problem which can only be solved by court interpretation.

SJR NUMBER 2

Senate Joint Resolution No. 2, would authorize creation of county wide hospital districts in Bexar, Dallas, El Paso, Galveston, Harris, Jefferson and Tarrant Counties.

The amendment is permissive and, if adopted, would not create any such districts itself. It simply provides that the property-owning taxpayers of the named counties can vote on such a proposal at a later date.

An active campaign for this proposal is being carried on by a statewide committee composed of mayors, county judges, members of hospital boards, and prominent citizens of the counties involved and some from other parts of the state.

HJR NUMBER 10

Members of the armed forces of the United States or component branches would be allowed to vote under House Joint Resolution. 10.

They would be required to pay their poll taxes and could vote only in the county in which they resided at the time of entering the service.

HJR NUMBER 8

The last proposal on the ballot will be House Joint Resolution No. 8, which is a permissive type of amendment allowing taxpayers in counties of less than ten thousand inhabitants to vote on the question of whether they would prefer to have a separate fulltime office of tax assessor-collector.

Duties of the tax assessor-collector are now performed by the Sheriff in these counties.

CARD OF THANKS

We wish to express our appreciation for the many acts of kindness, expressions of sympathy and beautiful floral offerings extended to us by our friends, neighbors, and members of the American Legion during the recent illness and death of our beloved husband and father. To each we are humbly grateful.

Egg Industry Advisory Committee Opposes Government Price Support

Opposition to price support, surplus purchase, or subsidy programs for eggs was again voiced by the Egg Industry Advisory Committee which met with U. S. Department of Agriculture officials October 8 in Washington, D. C. The committee -- which is composed largely of producers and heads of cooperatives representing widespread grower interest throughout the country -- brought up to date and reaffirmed a statement made last April. The text of the statement follows:

"This committee believes in self-help, leaving to the industry the solution of its own problems. "It recognizes: (1) That the egg industry has the advantage of relatively short cycles of production-correction; (2) that the primary reason for the 1954 production increases and 1954 price declines are due to the fact that prices received by producers for eggs during 1953 were extremely profitable; and (3) that price is the greatest single factor regulating supply and demand. "The committee therefore again reaffirms its 1953 recommendation as it did in April, 1954. "1- The Government should not conduct an egg price support, egg surplus purchase, or an egg subsidy program. "2- That the USDA can serve the industry best by continuing the intensification of the dissemination of all the facts relating to poultry population and replacements. "3- That the USDA should continue to lend its aggressive assistance toward the improvement of efficiencies relating to all phases of the industry, especially to distribution. "In view of the five percent larger number of potential layers on farms for September 1, 1954, than

a year earlier, large supplies of eggs are likely to continue well into 1955. This fact emphasizes the desirability of a downward adjustment in the number of layers on farms, by the prompt sale of hens from the 1953 hatch".

Plans For VA Workshop Made At McCloskey

Dr. L. M. Cochran, manager of McCloskey Veterans Administration Center, Temple, announced today that there would be an orientation and indoctrination workshop for prospective volunteers on October 26 and 28, between the hours of 9 a. m. and 3:15 p. m. "The purpose of the workshop", Dr. Cochran said, "is to acquaint those persons who are interested in being of services to their fellow man of the many opportunities for service at McCloskey. Many of our doctors, nurses, and department supervisors explain the function of their particular service and point out how the volunteer fits into the medical team. The medical team is concerned primarily with returning the patient to the community completely healed in mind and body." All of the necessary requirements such as medical, care, food, and drugs are supplied by the Veterans Administration. Many of the extras such as; movies, library service, and recreation are also made available by which a patient may pass many an otherwise dull hour; however it is the volunteer who brings that breath of fresh air and the community to that man unable to leave his hospital bed. Volunteers are being recruited to

assist in the projection of 16 mm movies, to participate in social recreation both in the recreation hall and on the wards and barracks to provide wheelchair escort service for those men not able to leave the wards under their own power, and to assist in the occupational therapy clinic. For the person interested in giving service without going on the wards there are assignments such as; typing in the office of the chaplain and the Volunteer office, mending of books in the library, working on the hospital newspaper, filing in the social service office. Two of the most important assignments at the present time are those in personal service and shopping for the patients. Additional information may be obtained by contacting Miss Peggy Dooley, Director of Voluntary Service at McCloskey.

B. Massengale Enlists In Battery C

Benny C. Massengale enlisted in Battery C 649th Anti-Aircraft Artillery Battalion this week, the local National Guard unit reported. Massengale, it said, is a student in Cameron's Yoe High School, and was sworn in as a Private on Tuesday. He is a member of the Yoe football team. The unit also reported that Battery C's officers and enlisted men are making final preparations for their annual Federal inspection, which is scheduled for October 28. A Regular Army officer, representing the Inspector General's office of the Fourth Army Headquarters, Fort Sam Houston, will conduct the inspection. The Battery's records and Armory facilities are scheduled to be examined during the afternoon of October 28; the officers

Life Underwriters Attend Sales Congress In Austin

If your favorite Life Underwriter did not call on you Friday, Oct. 15, 1954 he had a legitimate reason. He was most likely attending the Ninth Annual Sales Congress

conducted by the Austin, Central Texas, Heart of Texas and Waco Life Underwriters Associations held at the Memorial Student Center at College Station. The 1954 Sales Congress is sponsored by the central Texas Life Underwriters Association and the Business Society of the Business Administration Department, Texas Agricultural and Mechanical College. The first Sales Congress was held in Waco in 1946. The host city ro-

tates each year, and since that time the Heart of Texas Association has been organized in Temple. The theme of the Sales Congress Life Insurance Salesman's Job this year will be the Steps in the from the time he is selected until he is a thoroughly trained and producing Life Insurance Salesman. It follows the steps of recruiting, early training, advanced training and supervision and motivation. Brice F. McEuen, Director of Schools of the Life Insurance Agen-

ford, Connecticut, was the first speaker with the subject, "Your Career". McEuen is especially well qualified for this assignment as the Agency Management Association is a research organization which concerns itself with the selection and recruiting of manpower for the life insurance industry as well as other phases of Agency Management. He has had experience both in the field and in the Home Office before going to Hartford.

Clarkson Holds Cemetery Day On October 10

Clarkson held its annual Cemetery Association and Homecoming Sunday, October 10, with over 100 people present.

Both morning and afternoon programs consisted of congregational singing, solos, quartets and readings.

Reverend D. A. Jones of Fort Worth, a former pastor, brought the morning message and Reverend Lewis Newman, pastor of the Burlington Baptist Church, was speaker in the afternoon.

Lunch was served at the Recreation Center at noon.

Visitors were present from Fort Worth, Dallas, Waco, Houston, Yorktown, Bryan, Austin, Milano, Rosebud, Cameron, Briary, Ben Arnold and Burlington.

Because I have had the audacity to disagree with them about the manner in which they have handled the parking meters they now propose to make an example of me and, I assume, by so doing put the fear of the Lord in all others. They have also threatened me with political retaliation.

There is a long history behind this matter that the City apparently does not choose to disclose.

The City Council has never consulted with the Commissioners' Court of Milam County with reference to placing meters around the Courthouse square. As a matter of fact, the Commissioners' Court requested the City after it had arrogantly erected these meters without such consultation, to remove them. To date the City has not even shown the Commissioners' Court the courtesy of a reply.

Aside from these considerations and irrespective of whether the City's legal position is sound, they certainly have not exercised good faith with the people of Cameron, which to me makes their position morally unsound. At the time these meters were inaugurated in Cameron members of the then City Council promised the people and merchants that after a trial period of six months the Council would order an election on the proposition of whether meters would be continued. No such election was ever called. Furthermore, the Council has been presented with a valid Petition bearing the signatures of at least 185 qualified property taxpayers requesting the holding of an election of that proposition. To date such Petition, contrary to all Democratic concept, has been ignored.

Other good and valid contentions support the position that these meters should not be maintained on the Courthouse square, such as the fact that the square belongs to all of the people of Milam County, and citizens having business at the Courthouse should not be compelled to pay tribute to the City for the privilege of gaining access to their Courthouse.

Essentially, I believe that the Council in all fairness should wipe out everything that has happened in the past and order an election in response to the Petition mentioned above and in keeping with their promise; and if the majority of the people endorse the parking meters that the City adopt a policy of enforcement which will apply to all citizens equally, and that they at least show the Commissioners' Court of the County the courtesy of consulting with them with reference to a policy regarding the parking at the Courthouse of public officials and jurors. Other county seats have worked out these sort of problems satisfactorily.

We are all citizens of Cameron, which we love as our home town; but we must not forget that its appeal and charm is due primarily to the fact that it is still a small country town. In realizing this it should occur to our elected officials that you cannot do business in Cameron like they do in New York. We have no parking problem in Cameron. The placing of parking meters on our streets was not done to solve the parking problem, but as a means of securing additional revenue, and puts the City in the business of renting its streets for parking. Our citizens would be much happier about the deal if the City would pledge the application of such revenues 100 per cent to the re-building and permanent improvement of our worn out streets, rather than frittering them away on patching and useless maintenance.

First and Houston Phone 3

Mrs. Boyd, TBA To Meet With Health Unit

Mrs. Emily W. Boyd, field consultant, with the Texas Tuberculosis Association of Austin will meet with representatives of the Milam County Health Unit, the local offices of the State Department of Welfare and other organization on October 21 at 2:30 p.m. in the Rockdale Chamber of Commerce office, for the purpose of establishing a Milam County Tuberculosis Association. This Association, if established will be affiliated with the State and National Tuberculosis Associations.

The two general objectives of all levels of tuberculosis associations are the same. (1) Prevention of Tuberculosis. (2) Treatment and rehabilitation of cases in order to reduce the number of fatalities due to this disease, shorten the duration of illness and to restore to maximum possible usefulness the affected individuals. Some of the activities necessary to meet these objectives are (1) case finding, (2) case supervision, (3) treatment of cases (4) rehabilitation, (5) activities to promote specific and non-specific resistance in susceptible individuals, and (6) to promote and carry out research in any of

the above activities in order to reach these objectives.

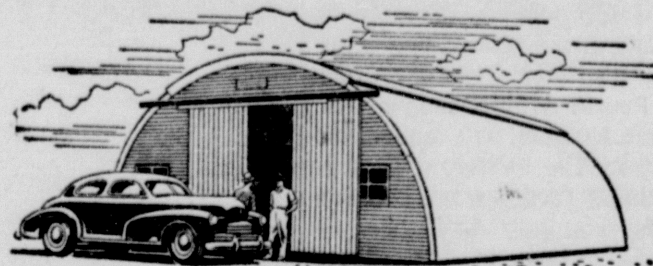

In order to carry out any of these activities funds must be available. This money is raised through the annual Christmas Seal sales. In a County where a local tuberculosis association has been established, 82 per cent of the money raised from the sale of the Christmas Seals remains in the county for use there and the other 18 per cent is sent to the State and National Tuberculosis Associations. Under the present arrangement all money from Christmas Seal sales in Milam County goes to the State and National Associations. This is one important reason for having a Tuberculosis Association.

Milam County has had and still has a tuberculosis problem. Over the past five years fifty-four new cases of tuberculosis have occurred and seventeen deaths from this disease have been reported. Since the first of 1954, twelve new cases have been found and three more people have died of tuberculosis. As long as new cases occur we getting at the source of this disease.

New FORD THUNDERBIRD

A personal car of distinction
...with Trigger-Torque performance

You'll be delighted at the wealth of conveniences the Thunderbird offers. Two tops are available: a disappearing fabric top . . . and an easy-to-lift-on hard top. The extra-wide vinyl upholstered seat is foam-rubber-cushioned . . . power-operated 4 ways. Windows roll up . . . by power, if you like. There is a tachometer . . . and a clock with a sweep second hand. There is a telescoping steering wheel. And you can have power steering and power brakes.

Something totally fresh is here—a bewitching new all-steel beauty that sets the styling keynote for other Ford cars to come.

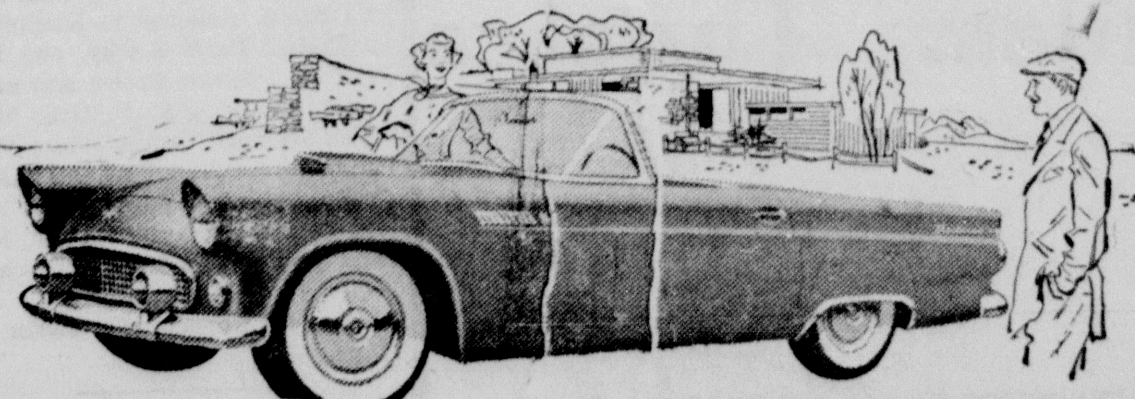

But, styling gives the merest hint of what the Thunderbird has to offer. In traffic and on the open road the Thunderbird's Trigger-Torque performance is literally a revelation. Here is hair-trigger response . . . fleet, liquid agility . . . backed by a reserve of swift, sure power to meet safety's every demand. Trigger-Torque performance stems from Ford's new Thunderbird Special V-8—a high-torque engine with 4-barrel carburetor, dual exhausts, wide-opening valves and Ford's famous low-

friction design. And you can have the Thunderbird with the transmission of your choice—Conventional, Overdrive, or new Speed-Trigger Fordomatic.

Ford's Ball-Joint Front Suspension not only velvet-cushions your ride, it also allows the Thunderbird to handle with utmost ease—to corner with greatest stability.

But, more important, the Thunderbird is the product of the same advanced engineering . . . the same manufacturing skills that have made Ford products so dependable, so value-full and so desirable to so many.

Mrs. Glenn Guest Speaker At Jones Prairie Garden Club

Mrs. Robert Glenn was guest speaker at the Jones Prairie Home and Garden Club meeting in the Jones Prairie Community Center.

Mrs. A. L. Burnett and Miss Roxie Allday were co-hostesses to the group with Mrs. E. B. Yager presiding during the business session.

Central decoration in the room was the brilliant bowl of red verbenas on the linen laid refreshment table. The entire room was decorated with foliage.

Mrs. Glenn talked on her recent trip after which the hostess served Cokes and cookies to the ten attending members and guest, Mrs. Bernice Richards.

Charlene Griffin Officer At STSTC

Charlene Griffin of Cameron is among those serving as dormitory officers for the current year at Southwest Texas State Teachers College.

Miss Griffin, a senior, is secretary-treasurer of the New Co-op. As an officer she will serve on the dorm's House Council, which is the governing body of the students in the dormitory.

Catholic Youth Elect Officers

New officers of the Catholic Youth Organization were elected at their meeting Wednesday.

Pat Moraw was elected president; Ethel Mae Jistel is the new vice-president; Janice Jistel, secretary; Theresa Wohleb, treasurer; Paul Hoelscher, parliamentarian; and Rita Moraw, reporter.

Following the election of officers a committee of three, composed of Barbara Gurecky, Theresa Wohleb

RADIO and TELEVISION SERVICE. ALL MAKES PARMA RADIO SERVICE.

and Rudolphine Hoelscher were chosen to plan the next social.

Two new members, Peggy Burke and Flo Powelka, joined the Organization.

Enal Shuffields Parents of Girl

Mr. and Mrs. Enal Shuffield have a new nine pound one ounce baby girl, named Brenda K. She was born in the St. Edwards Hospital October 13 at 5 a. m.

Brenda has one brother, Buster, and one sister, Farry Joe.

Maternal grandparents are Mr. and Mrs. Lewis of San Antonio and paternal grandparents are Mr. and Mrs. Hubert Shuffield of Cameron.

Halloween Carnival Slated For Oct. 22

Buckholts PTA sponsored annual Halloween Carnival will be held Friday night, October 22, at the school gymnasium beginning at 6:30 p. m. Mr. C. Tittsworth, general chairman will direct the evening's program.

Booths sponsored by individual classes will offer various types of entertainment, and games will include bingo, the cake walk, fish pond and many others. Youngsters will enjoy pony rides and hay rides conducted on the lighted ball field.

Home-made cakes and pies, sandwiches and drinks will be served at the food stand.

Everyone is invited to come and bring the family for an evening of fun and entertainment.

Burlington News

By Mrs. George Logan

Friends here have received word that Cindy, the little daughter of Mr. and Mrs. Kyle Johnson of San Antonio, is seriously ill of brain tumor. Mrs. Johnson will be remembered as Miss Fannie Lee Musff who was raised in Burlington.

The Milam County Baptist workers Conference will convene in Burlington Baptist Church November 12 beginning with a board meeting at 5 p. m.

Mrs. Sallie Davis is spending some time with her children at Baytown.

There were 10 WMU members present Wednesday night with a bible study led by Mrs. F. J. Rogers. The next meeting will be a mission program in Royal Service led by M. s. Hugh Davenport.

Mr. and Mrs. Hans J. Hagelstein and family, Mr. and Mrs. E. W. Cobb and family of San Angelo, Texas visited Mr. and Mrs. Edwin Ludecke and Judy recently and attended a turkey dinner honoring Edwin Ludecke on his birthday October 10.

Mrs. Ollie Modl, of Burlington, and Mr. and Mrs. Sam Lynch and children of Rosebud are visiting relatives Mr. and Mrs. Asby Bishop and family at Seagraves, Texas.

Reverend and Mrs. D.A. Jones of Ft. Worth attended Church Services here Sunday night. They attended the Cemetery Association meeting at Clarkson Baptist Church Sunday, where they formerly lived. They accompanied Brother New-

man to Ft. Worth after Sunday evening services.

Mrs. C. H. Slone of Gunter and her sister and brother-in-law, Mr. and Mrs. Charlie Lively of Cameron visited in the Roy Lindsey home for a short time recently while en route to Gunter.

Mr. and Mrs. Melvin Boehme and Family have moved from the Ted Briggman place to their own farm between Burlington and Rosebud.

Build terraces now with your own farm tractor or plow.

CAMERON, TEXAS

Bulldogs Win Over Panthers By 19 - 14

Cameron Bulldogs played a hard defensive and offensive game Friday night at Yoe High School stadium to score a final win over the predicted favorites, College Station Panthers by 19 to 14.

The Bulldogs went out on the field the first quarter ready for business, which they readily gave to the Panthers and chalked up all three of their touchdowns and extra points before the Panthers had

a chance to catch their breath.

For the first two touchdowns the local team took to the air with Hobbs, in the clear behind the Panther Safety man taking the long passes from Campbell and Achieving six points with little effort.

The third touchdown, made by Johnny Wright, started on the Bulldog 20 yard line. His only trouble came on the 50 yard line but Floyd Dickie stepped in stopping their key block and it was smooth sailing all the rest of the way between the goal posts for Wright.

The Panthers showed their strength in the second quarter making two touchdowns and then made safety in the third quarter.

After the half the Cameron boys showed exceptional defensive strength, fighting with their backs to the goal the entire period.

On the starting lineup were: Ends - Turner and Hobbs; Tackles - Floyd Dickie and Johnny Nelson; Guards - Pratt and Malone; Center - Robert Wright; Backfield, - Campbell, Johnny Wright, Hubert DeBose and Petty.

District 22-AA Football Facts

The Belton Tigers was the only District 22-AA team to clinch a victory in Friday night's grid plays, as they broke a jinx with McGregor and beat the Bulldogs, 32-18.

Standouts for the Tigers, who are now leading the District 22-AA standings, were Buddy Cooper and Jimmy Mecom. The boys from Belton ran up 22 first downs to McGregor's 14 and ate up 320 yards on the ground to the Bulldog's 148. They gained 89 yards in the air, while McGregor completed five passes to add up a total of 105 yards in the air.

Rockdale Tigers, minus four of their regular starters fell to the powerful San Saba Armadillos, 13-0. The score meant nothing, though, as the San Saba team did everything but take the Tigers home with them. They ran up 17 first downs to the Tigers 8; rushed to 216 yards on the ground to Rockdale's 99, and passed their way to 135 yards, holding Rockdale to 21 yards. This is Rockdale's second defeat of the year, having previously been stung by Caldwell.

The Taylor Ducks, who meet the Cameron Yoemen next week, were whitewashed, 12-0 by the Hearne Eagles Friday night at Taylor. The Taylor team never seriously threatened the Eagles during the entire non-district tilt.

In the final count, Rosebud was nipped by the Marlin Bulldogs, 13-12.

In other tilts of interest, LaVega beat Hamilton, 40-12 while Bryan blanked University High of Waco, 28-0. Lampasas socked Fredericksburg 25 to 6 while Killeen socked Uvalde 12 to 0 and Caldwell beat Columbus 12 to 6.

The Georgetown Eagles and Cameron Yoemen were idle Friday night.

Agricultural Census Slated This Year

This fall, for the sixteenth time since 1840, the Federal Government is taking an inventory of its agricultural resources. Up until 1920 these important inventory surveys were made every 10 years. Since 1920 they have been conducted on a 5-year basis. The 1954 Census of Agriculture will be taken in October and November covering the year 1954.

The information collected in this census will show how many farms are in each area; how many livestock and poultry are on these farms; how many acres of land were in cultivation this year and what the harvest was; and the kinds of facilities -- electricity, running water, telephones, television sets, milking machines, etc. -- that our farmers have available.

The good management of our farms, our businesses and our Government requires timely, accurate information such as that supplied by this Census. The main purpose of the 1954 census is to provide "good information" about our farms and farm people.

In order to visit the farmers on our Nation's 5,500,000 farms, the Census Bureau of the Commerce Department must depend upon local residents to do the job. Some 31,000 enumerators will be hired to take the Census of Agriculture. Enumerators play the major role in taking a census. Traveling from Census, they will interview farms using the questionnaire provided by the Census Bureau.

The most important responsibility of a Census Enumerator is to collect accurate information and to observe the confidential nature of census information collected.

In his oath of office, a Census enumerator must promise never to reveal any information he has collected in confidence for the Census Bureau.

At a later date more information concerning the Agricultural Census will be published. It might be well for farmers to be thinking about their operations--there will be an enumerator around to see them soon.

SW Conference Tills On TV Humble Review

Key plays from three of the games to be played Saturday by Southwest Conference teams will be shown on Humble Oil & Refining Company's TV program, Texas in TCU-Texas A&M games.

Other items on the program will be scenes from the dedication of the new A. Frank Smith Fine Arts Building at Lon Morris College, and Bryan Air Force Base where the 2000th flier was recently graduated. Also shown on Texas in Review will be an all-Texas Air Tour, and a feature on Oil Production.

When individual reports of entry into and separation from the various services are received by the state director of Selective Service, duated. Also shown on Texas in Review will be an all-Texas Air Tour, and a feature on Oil Production.

The section of the state draft director's report involving the examination of men for military service showed that, in September, Texas draft boards sent 2,243 men for examination by the Army. Of this number, Army medical and administrative authorities rejected 853, or 38 per cent, as unacceptable for service.

"Under the law, it is the responsibility of the armed forces to decide physical and mental fitness of men made available for military service," General Wakefield commented.

Air Force, and Coast Guard, lost more personnel from Texas than they acquired. The report is based on individual reports of enlistment and separation from the various services to the state director of Selective Service.

Buckholts Lutheran Church Festival Sunday

Hope Lutheran Church of Buckholts will observe its annual Mission Festival Sunday morning at 10:30.

Sunday school will begin at 9:15 a. m. with the Reverend L. D. Braun of McGregor bringing the Festival message.

YOEES —

fensive end while Clayton Canizales is the defensive line backer.

Starts for the Taylor squad will most probably be Wenceslaus Beyer at fullback; James Ludwig, right halfback; Clifford Mucha at left halfback and Bobby Plowman at quarterback; Bobby Bryan and James Marek at tackles; Tommy Bryan and Leon Jacobson at guard; Boyd Lawhon and Sam Nettles at end and Eugene Pairett at Center.

The Yoemen are in good shape and spirit after a last weekend rest period. The team looks good and it looks as though they'll have victory number two Friday night.

Game time Friday night is 8 p. m. No reserve seat tickets will be on sale with only general admission tickets available at the gate Friday night. The Cameron fans are urged to follow the team to Taylor, and not only be seen, but heard. The boys are playing good ball and the fans should continue to support the squad in both their out of town games and home games.

Following the Cameron-Taylor battle, the Yoemen move over to neighboring Rockdale for a game

with the Tigers on October 29.

Fans will find the team at Georgetown on November 5 and here at home on November 12 against the Belton Tigers in a homecoming tilt. The final game is on November 19 when they entertain the Rosebud Black Panthers here.

This week Georgetown is playing Rockdale and Belton is matched against the Panthers for the district round up.

GOLDEN WEDDING —

wheels to keep them from sticking in the mire.

Then there was the frenzied excitement when Elm Creek flooded its banks and hordes of people would board the train at Ben Arnold to ride to the creek for a close view of the flood.

The Slaughters well remember the era of excursions, when anyone could take an excursion trip to Galveston for a day at the beach on July 4. Not to forget the pleasant anticipation of the excursions to Waco to attend the Cotton Palace. These were always eagerly looked forward to.

Mr. Slaughter clearly remembers

his first car, a breathtaking 1911 model Hupmobile, fully equipped with delco lights and side curtains. He and his brother-in-law were co-owners of the automobile.

When the Slaughters moved to Cameron he started to work for the county building roads. They saw the mud ruts wending their unmindful way into town replaced with surfaced highways and farm-to-market roads. It was during this time that he discovered several pre-historic animal bones and teeth. The most outstanding of which was a 10 foot elephant tusk. Dr. Francis of Texas A & M was notified and brought a group of his students over to remove the tusk. It was placed with others in the A & M College museum, where later the Slaughters were guests of Dr. Francis to view the collection.

They remember the horse drawn fire wagon so cherished by the Fire Department, and other changes too numerous to mention. Many changes have taken place, but one thing has remained the same, the marriage of the Slaughters, which is an happy now as at its beginning.

Their daughters and their families are Mr. and Mrs. R. F. Bielefeldt and daughter, Valerie Sue of Oklahoma City, Sgt. and Mrs. J. A. Reavis and son Craig of Waco and Mr. and Mrs. Y. H. Rice and son Mark of Lubbock.

BASKIN —

ample room for passing vehicles and safe, sure parking space. New equipment with which to repair streets in the residential and business section were purchased, many features connected with better streets have been derived from parking meter funds.

Stickers allowing individual automobiles to park in any meter space can be purchased at the City Hall or from policeman Terry for \$6.00 per month or \$1.50 per week eliminating all parking worries.

Another asset to the meters, pointed out by citizens in Cameron, is the fact that there has been no parking problem since the meters were installed.

City authorities have contacted other cities of similar population and circumstances in regard to the meter problems.

Mayor R. B. Lockett of Brenham in his reply answered "—in regard to our policy on parking meter operation we require everyone who uses our meters to pay, including all county and state officers. It certainly would not be a good policy to allow certain citizens to

have red meters. All of our city employees also are required to make deposits in the meters.

"We feel that our meters are put there for the benefit of the trading public and anyone using them should pay for the privilege."

Elmer Hays, Mayor of Belton, wrote, "We reserve one side of the courthouse square for the Sheriff, his deputies, Texas Highway Patrol, Texas Rangers, Etc. In fact, I am not even exempt, and I have paid several parking meter fines for overparking in the last few years. Our County Judge and County Superintendent have never asked for any special consideration."

City Marshall, Joe Richter, stated that he has had very few complaints about the meters. He added, "It's just about the same."

See Parking Meters - Page 4

PARKING METERS —

bunch fussing, but there aren't very many of them."

He said that in one instance last week one citizen came to him and asked that he speak to Baskin in an effort to get him to hold off on the matter of a number of unpaid tickets until the next regular meeting of the council.

Richter said that he related the information to Baskin.

Baskin reported that he had talked with the party, although not long enough to constitute a conversation, and that he was requested to wipe the slate clean which he refused to do.

LEGION DAYS —

terans Day". Commander Glenn explained that Armistice Day, VJ Day, VE Day and other dates were all of great importance but it was decided to name one day in the year when all veterans will be honored.

The Texas Legislature and the United States Congress have designated November 11 as "Veterans Day" and the American Legion plans to make its first observance a banner one in Cameron.

Fitting church observance and memorial services are planned for November 11. Full co-operation from business houses, schools and other organizations has been assured.

During the "American Legion Days" observation Legionnaires will make a special effort to inform veterans of World Wars I and II and the Korean conflict with the aims and purposes of the American Legion, Commander Glenn stated.

Senator Salder Funeral Rites Held Here

State Senator Harley Salder of Abilene, former resident of Cameron, was stricken with heart trouble Tuesday night and died at the Stamford Sanitarium in Stamford Texas, October 14.

Funeral services were held in Abilene Friday morning with grave side services scheduled at Oak Hill Cemetery, Cameron at 4 p. m. Friday afternoon. Green Funeral Home is in charge of local arrangements.

Buckholts 4-H Club Meets Officers Named

Mrs. Alice Hughes, Home Demonstration agent, met with the Buckholts 4-H club girls last week to help reorganize the club.

During the business meeting of officers were elected. They are: President, La Velle Fischer; vice president, Jeannette Fuchs; Secretary and treasurer, Della Jurea; song leader, Darlene Porter; Council Delegate, Peggy Inge; and reporter, Stella Inge.

After the election the 12 girls present joined with the 4-H boys meeting where Mrs. Hughes and J. D. Moore gave demonstrations

WHAT TO DO with TAIL-END CALVES

What to do with "tail-end" calves is a big question. And the answer is Purina Fat Calf Chow. A complete feed, it puts on fast daily gains at low cost, upgrades them, puts them in class that's in demand on the market.

Calves convert feed into beef cheaper than older animals. Calves go for Fat Calf Chow. Feeding Fat Calf Chow is a dry-lot operation—requires little space and equipment.

Purina Research Farm tests and reports from feeders show that the amount of Fat Calf Chow needed to make 100 lbs. of beef is amazingly low. Ask us to tell you more about Fat Calf Chow.

The Basic Idea Behind the All-New 1955 PONTIAC

On Display October 29 and 30

ABOUT 30 years ago General Motors Corporation presented to America a new car called Pontiac. This new car was the direct result of a very specific idea.

The idea was this: to create a car which took its style, its engineering principles and its features from the very best and most expensive in America—and to build these into a car priced just above the very lowest!

Naturally, such an idea produced a wonderful and highly popular car—a car which millions of satisfied owners have driven with outstanding pride and pleasure.

Now, nearly three decades later, an entirely new Pontiac has been created for 1955—a car completely new from the ground up!

One thing, however, about the 1955 Pontiac remains unchanged—its basic idea—to offer the American public the very finest car that can possibly be built to sell at a price within easy reach of any new-car buyer.

When you see the new Pontiac on Friday or Saturday—Oct. 29 or 30—you will be immediately impressed by its remarkable new styling. No other car in the world looks like this new Pontiac!

When you drive it you will be astonished at its performance. For the 1955 Pontiac introduces the powerful new Strato-Streak V-8, an all-new engine that has already been proved in more than 3 million test miles!

When you price the new Pontiac you will come face to face with the basic Pontiac idea—you will be agreeably surprised that so much car, so much sparkling newness, so much luxury, so much downright goodness can be priced so near the very lowest.

We cordially invite you to come in on Friday or Saturday and see for yourself what a superb all-new General Motors masterpiece has been created to carry the wonderful name "Pontiac" for 1955.
